Difficult to escape: souvenir shops in the most diverse businesses, stations at airports, tourist information offices in the receptions of hotels, postcards are everywhere and have the largest number of points of sale in the world. Symbol of mobility, the postcard becomes, within the framework of this exhibition, the artistic object.

Supported by the European Commission for their IN Networking program, Pépinières européennes pour jeunes artistes wish to re-activate the links with its members, expand their influence and assert their European commitment.

« CACHET DE LA POSTE FAISANT FOI » (« DATE AS PER POSTMARK ») is an exhibition that will take place from 11th to 25th January 2016 at the Villa Mallet-Stevens, the architect's former workshop and emblematic venue, which will host all Pépinières artists on its walls.

Pépinières invite the artists to take possession of a postcard in the way that suits them best (drawing, collage, engraving, printing or any other surprising idea) and offer them to promote one or two artists of your choice by giving him a postcard.

All postcards sent before the 6th of January (date of postmark) will be exhibited at the Hippocrène Foundation - Villa Mallet-Stevens.

Generous and unifying project, " Date as per postmark " is imagined as a recovery of the written and artistic expression through the postcard object and through the intervention of artists, creative vectors of exchange and sharing.
